Vulcan, Alberta

TAKE TWO FIRSTS. Champion Junior High School boys combined excellent passing with team work to win both the County Championship and the South Central Dis-

trict championship in junior boys' basketball this spring. Shown above is the team and coach H. Petkau, school principal. In the back row from the left are Ladell

Smith, Andrew Davis, Mike McGrail, Terry Farrel, Ed Fedaj, Arlin Racher, Darrell Smith and H. Petkau. Front row, Lyle Smith, Don Bach, Jerry Rhodes, (captain),

Barry Jones, Peter Sanderson, (assistant captain), Don Rozander and James Rupp. Missing from the picture is Bob Ellis.

Successful Basketball Season Ends For Champion Junior High Boys

Tops in the County is the Champion Junior High School boys basketball team which, in the end-of-season playoffs, defeated a hard-working Carmangay team to reach the finals. This March 12th tournament, in which five county teams participated, saw the Champion club, sparked by a 16-point performance from captain Jerry Rhodes, defeat Vulcan Junior Boys

37 to 26. Cheered on by a highly enthusiastic group of spectators from Champion and Vulcan, led by the highly proficient Vulcan Junior Cheerleaders, the Champion boys defeated the Exshaw Juniors in Drumheller on March 26 by 11 points to move to the final in the South Central District Championships. They met with a come-from-

behind Blackie team and defeated them by a score of 37 to 16. Blackie had squeaked by a powerful Olds team and by a fast-playing Kathryn team for its place in the final. Winning the South Central District marked the culmination of a season of much hard, but enjoyable work by the team. During league play no team was able to defeat

the Champion team although Vulcan lost their first game with Champion by only one point. The power of the Champion team rested in the tremendous team spirit of the boys and their well polished passing plays topped with a real desire to play good basketball. The Champion team is smartly attired in bright blue and white outfits.

Harold Hansen Western Canada Flax Champion

The Vulcan and Ensign districts were represented once more at the 1966 Brandon Seed Fair held from March 28 to April 2 when Harold Hansen won the Western Canada Flax Championship. This is the third win in as many years at Brandon for Mr. Hansen and he entered the same sample which won for him the world flax crown at last year's Toronto Royal Winter Fair and first place at the Lethbridge Seed Fair this year. Further honors went to Harold in the wheat class when his sample of Chinook took the reserve champion. Mr. Hansen's son Donald also competes in these seed fairs in the junior section and when he won the Provincial flax title at the Calgary Seed Fair this spring it marked the fifth such win in a row for him.

80th Birthday Is Observed

On Sunday, April 10 a family dinner party, honoring Mrs. E. Akitt on her 80th birthday, was held at the home of her daughter, Mrs. Alfred Vaage. Members of her family attending on this occasion were Mr. and Mrs. Bill Akitt, Mr. and Mrs. Bert Akitt and Mr. and Mrs. Glen Greene. Also present were 17 grandchildren and six great-grandchildren from Pincher Creek, Brooks, Nobleford, Calgary and Vulcan. Thirty-eight relatives enjoyed a turkey dinner and the day was spent playing games and visiting.

Became Village in 1916

Lomond Will Celebrate 50th Anniversary This Year

The 50th anniversary of the Village of Lomond will be marked this year with a three-day celebration, July 8-9-10, and an anniversary committee appointed last year is well advanced in its plans for the golden jubilee event. All organizations, service and social clubs, churches and residents of the village and surrounding district are co-operating in the effort to make the celebration worthy of the occasion and assistance from other interested organizations or persons will also be welcomed.

Lomond was incorporated as a village on February 16, 1916. The railway had come as far as Lomond two years previously and the existence of the new little settlement was welcomed by the early settlers of the area, who now had a place to haul grain, to shop at and receive their mail without having to travel long distances by team and wagon to such places as Lethbridge, Brooks and Champion.

Although present population is only 240, the Village of Lomond has, through the years, been blessed with an excellent community spirit. Its citizens are proud of the facilities that are to be found in the village and the big Community Centre — a hub of activity especially during the winter season — is the envy of many larger villages and towns.

The village has a comparatively new and modern school, with grades 1 to 12 being taught including Shop and Home Economics. Water and sewer facilities were installed in 1960 and in 1965 dial system telephones and mercury vapor street lighting were noteworthy improvements.

The history of Lomond and district, including the communities of Armada, Bow City, Wheat Centre and Travers, is being published in book form in conjunction with the 50th anniversary celebration.

When plans for the celebration in July are finalized, a schedule of events will be published in later issues of the Advocate.

Services April 13 For Carmangay District Pioneer

A pioneer resident of the Carmangay district, Joseph Franklin Williams died April 9, 1966, at the age of 80.

Born in Missouri, he came to the Carmangay district in 1908 and had resided there since that time. Surviving are his wife, Hilma, Portland, Ore.; one granddaughter, Mrs. Evelyn Adams, Cranbrook, and three great-grandchildren. He was predeceased by a sister, Lila Thompson, in 1964 and a brother, Guy Williams, in 1958.

Services were held at Carmangay United Church on Wednesday, April 13, with Rev. Bruce Fyke officiating. Interment was in Archmount Memorial Gardens, Lethbridge. The Vulcan Funeral Home was in charge of arrangements.

Canada has seven rivers — St. Lawrence, Nelson, Saskatchewan, Churchill, Yukon, Mackenzie and Peace — of more than 1,000 miles in length.

"Open House" In Vulcan On June 6th

An attempt to satisfy two lines of thought among Vulcan businessmen and farmers in the Vulcan District Chamber of Commerce was suggested at the April meeting of the group held in the United Church basement.

A Vulcan Open House or good-will day and a Shopper's Day will be held this year. Behind the Open House idea set for June 6, is the feeling that this might be a new method of thanking the public for local business support and placing local recreation facilities on view. Although all avenues of participation have not yet been investigated the chamber hopes to sponsor free use to all visitors of the swimming pool, golf course, museum and the Vulcan Theatre.

A committee of President Ken Houlton, Dave Mitchell, Al Dakin, Frank Wythe and Mel Jordan was named to bring in a complete report at the May meeting.

For the many who enjoy a tour of town stores, a Shopper's Day will also be held but the date of this was not set.

In other business a suggestion was made that a councillor from the town and one from the county be asked to attend chamber meetings. It was felt a first hand account of current and future business of these two governing bodies might be available and from this might be found some avenue in which the chamber could co-operate. A member of the Vulcan Ministerial Association will also be asked to attend future Chamber meetings to provide greater liaison with local churches.

The chamber has been asked to prepare a history of this district for inclusion in a 12-page section of a centennial magazine now being prepared.

County Council Minutes

Improvement of Ullly Dam Proposed By PFRA

At the regular March meeting of the council of the County of Vulcan, a proposed PFRA plan for improving the Ullly Dam on Snake Creek east of Vulcan was discussed.

Three officials from the Prairie Farm Rehabilitation office at Fort Macleod met with council and presented plans for improvements to the dam at a cost of about \$100,000. Objective of the plan would be to increase the number of acre feet of water stored so that approximately 700 acres of land in the immediate area downstream from the dam could be irrigated. The cost of construction would be borne entirely by the federal government, but the cost of obtaining the necessary extra land required for dam construction and water storage would be a county responsibility.

Information was given to the council that the owners of the land involved are asking approximately \$23,000 for 180 acres. Councillors expressed the opinion that the County of Vulcan would need to know if the farmers who would benefit from this expenditure would be prepared to pay the cost of the land and it was decided to hold a meeting with the water users early in April to ascertain if an arrangement could be entered into for the repayment to the county should the expenditure be authorized.

Tax Recovery Lands Sold

Bylaws 516 to 541 inclusive, dealing with the sale of tax recovery land which had been offered for sale by tender, were introduced, read and passed the required three times. The lands sold, the buyers, and prices were as follows:

S.E. 19-14-21-4 to Roy Burns, Carmangay, for the sum of \$2,500.
S.W. 19-14-21-4 to Roy Burns, Carmangay, for \$3,500.
S.E. 13-17-20-4 to Maurice Hendrickson, Lomond, for \$4,200.
N.W. 16-15-19-4 to B. M. Stokes, Lomond for \$3,300.
The above four parcels were sold for cash. The following parcels were sold on terms of 20% down and the balance in 10 years with interest at the rate of 6% per annum.
N.W. 22-15-19-4 to Henry Benson, Lomond, for \$4,980.
N.W. 17-16-19-4 to Clifford E. Booth, Lomond, for \$5,610.
LDS 12, Sec. 2-14-24-4 to Paul Binning, Carmangay, for \$300.

Candlelight Circle Plans Y.P. Banquet

The April 7th meeting of the Candlelight Circle was held at the home of Lynn Middleton with 10 members present.

The meeting opened with the singing of two hymns and Joyce Pelham leading in prayer. Mission money for the month was sent to Prematta in India. Final arrangements for the Young People's banquet were made for April 15 at 5:30 p.m.

The devotional was given by Ruth Smith, her topic being, The Overlooked Value of Prayer in a Christian Life.

Lunch was served by the hostess and her helpers, Jean Gardner and Belle Hepler.

Small Attendance At Meeting

Workshop Discusses Ways Of Marking Centennial

If residents of Vulcan and other county communities are aware of or interested in Canada's coming 100-year celebration their turnout at the Centennial Workshop Friday, April 1, at CCHS auditorium failed to show it.

Twenty-seven persons attended and were given an outline of federal and provincial government plans for 1967 and suggestions for local participation. G. F. W. Oakes, whose community of Arrowwood is planning a park-playground as its Centennial project, was the lone representative from out of this district. 4-H public speaking competition and the golf club dance held the same night were considered factors in the poor attendance. Other communities in Southern Alberta have averaged crowds of 80 to 100 at these preparatory meetings.

Centennial Officers Bud Salloom and Vic Chapman first showed a film, The Hundredth Summer, which described preparations of small Prince Edward Island towns for the province's 100th anniversary.

In describing the purpose of the coming Centennial celebration Mr. Salloom listed four factors, "Awareness of our heritage, your future, Canadianism and just for the fun of it."

Federal participation in 1967 will include a Military Tattoo, Confederation train starting from Victoria on Jan. 9. Centennial medallions for students only, tree planting program, Centennial coin, films, exchange of arts, extensive sports programs, a \$20,000,000 gift to under-developed countries, and church programs relative to the occasion. A Voyageur Canoe pageant will leave Rocky Mountain House on June 1 to travel 3,500 miles to Montreal in a planned 100 days.

For those communities which will miss the Confederation Train a Confederation Caravan will provide eight tractor-trailer units, each 73 feet long, in which viewers will re-live the history of Canada in its development from the ice age to the atomic age. Vulcan will be the Caravan's only stop in the County and this is dated for May 22, 1967.

During lunch, workshop members formed small groups to discuss local participation in the Centennial and came up with a variety of suggestions including, a project for local youth in 1967, the

possibility of including the Little Bow Pioneer Museum into a Centennial project, a clean-up of the entrance to Vulcan, a fall fair, community-wide church service, a sports day with the top athlete to go to the Grey Cup or Stanley Cup, compiling a history of the district, youth travel sponsored locally, quilting bee, sale of Centennial teaspoons, Centennial cake contest, wearing of Centennial hats, enlargement of the July 1st parade and sports day.

A group headed by M. R. Morrison was named to set up a committee to take charge of Vulcan's part in the 1967 celebration.

Grey Nuns Visit St. Andrews Parish

The Sisters of Charity, better known as Grey Nuns, visited St. Andrew's Parish on March 31, to speak to an interested group of ladies and girls from the Councils of Champion, Carmangay and Vulcan. Mrs. Kryzanowski introduced Sr. Laramee and Sr. Wagner from St. Albert. Sister Laramee spoke on the aims and needs of a religious vocation. A series of slides gave a good view of the apostolic endeavors of the Sisters of Charity in Brazil, Africa, United States and Canada. Of special interest were the pictures taken in missions in Saskatchewan and Alberta. Mrs. Hunziger thanked the Sisters for the opportunity to become more familiar with their work.

Diocesan Convener of Adoptions and Welfare, Mrs. Kuziw, from Strathmore, spoke to the group, stressing the present problems and urged that more people give the matter sincere consideration. Mrs. Gording thanked Mrs. Kuziw for her report. Lunch was served by the hostesses of the Vulcan Council.

FOSTER FAREWELL

On Sunday evening, March 20, members of St. Andrew's Parish said farewell to Mr. and Mrs. Ronald Foster, who were leaving Vulcan to make their home in Calgary. An enjoyable evening was spent playing court whist. Father Marien presented the couple with suitable gifts from the parish and wished them well in their new venture.

F. & G. May Revamp Sportmen's Night

Dates for two annual spring events, Kids' Night and the Junior Pike Derby were announced at the April 6th meeting of the Vulcan and District Fish and Game Association, held in the banquet room of the New Club Cafe.

Kids' Night will be held this Friday, April 15 in the Vulcan Lodge Hall and is a night when youngsters of the town and district are guests of the adult committee which shows special outdoor films, organizes games and con-

tests and supplies lunch at the conclusion of the entertainment.

The Junior Pike derby is set for the week of May 22 to 28 at Lake McGregor and prizes are offered for the biggest and heaviest pike pulled in by the various age group classifications during that week.

The possibility of revamping the annual Sportsmen's Night in future, was discussed with some support being given the idea of a special night for trophy awards and another evening for a banquet

and dance for the general Fish and Game membership. Those favoring the idea of a trophy night felt this feature of Fish and Game should be given a more important place in the local group with the inclusion of mounted heads, guns and other displays and suitable speakers and films for this special night. Presently, the trophies are given as part of the Sportsmen's Night dinner and program.

The raffle of a sleeping bag will be a spring money-raising project of the Vulcan club with tickets to go on sale shortly. The subject of Vulcan Fish and Game developing a fishing area near town to give close recreation to members was brought up by Elmer Wolochaty. There are a few coulees which normally carry water to support stocked fish. A committee of Elmer, John Andrews, David Ruark and Frank Jepps will investigate this in detail. Door raffle was won by Max Kehr, Vulcan.

PFRA Official urges . . .

EFFICIENCY IN WATER DEVELOPMENT AND USE

The chief of Water Development Services for PFRA, Mr. J. E. Beamish of Regina, has called on farmers, agriculturalists and urban communities for more efficiency in water development and utilization.

Speaking at Lethbridge to a meeting of the Agricultural Institutes of Canada and Alberta, Mr. Beamish said: "Increasing demand for water for domestic,

Farm homes cannot be modernized without an assured supply. Livestock enterprises are limited by this more than any other single factor, and increasing land values encourage more effective use of water to ensure and increase crop production." He continued by suggesting: "The importance of this resource makes it mandatory that all available technical and administrative skills be applied to the evaluation of the known sources, to the proper development of the available supplies, and to the most advantageous use for the maximum benefit."

Looking to the future, Mr. Beamish envisioned some change in the use of permanent natural streams as they relate to rural areas. He said these resources have never been of particular significance to prairie agriculture except for irrigation, but reasoned that "as water pipelines become more common, the larger streams, lakes and reservoirs may become more significant in providing a water supply for rural areas."

With such developments some time hence, and with farm modernization already a fact, Mr. Beamish said it is required that many farms develop all the potential sources using dugouts, dams, springs, wells, and runoff from the roofs of the farm buildings. Adequate treatment of water for domestic use also takes on importance with chlorination and filtering imperative from the standpoint of health, appearance and taste.

In summation, Mr. Beamish said: "The suggested avenues of improving water development offer considerable challenge to research programs and are to be encouraged at every opportunity. Coupled with the physical problems is the need for an economic evaluation of water use. Benefit factors must be established with some degree of reality in relation to cost of development and the competitive value established by urban and industrial interests. Present water development programs on the prairies have only utilized the more obvious methods, and are far from reaching the ultimate potential."

J. E. BEAMISH

livestock and irrigation use on farms must compete with increasing urban demand in many areas." He added that "limited supply and cost of development necessitates continual attention to ways and means of developing new sources of water, providing more efficient storage facilities, and avoiding unnecessary waste in consumptive uses." Mr. Beamish noted the importance of the Prairie Farm Rehabilitation Act in aiding in construction of 80,000 dugouts, 10,000 stock watering dams, and 5,000 small irrigation projects on the prairies since 1935, but recognized the need for a further step in the direction of protection of stored water against the ravages of nature and careless usage.

"While water has always been of primary concern to rural residents", Mr. Beamish pointed out, "it has now become an essential factor in the life and economics of the prairie people."

PLACEMENT OF FERTILIZER

There is always interest in the best way to apply fertilizer. That is, should it be drilled in or broadcast and so on.

The chemical properties of fertilizers determine how it must be placed in relation to the seed at planting time.

According to Adolph Goettel, Supervisor of Soils for the Alberta Department of Agriculture, nitrogen, in the available form moves readily through the soil so that placement is not too critical. However, he says there is danger of seedling injury if too much is placed with the seed. For wheat, oats, and barley, 25 pounds of elemental nitrogen is considered the maximum rate. For small seeded crops such as flax, rape and mustard, the maximum rate is 10 pounds per acre. Thus the maximum amount of the following fertilizers that can be safely drilled in at seeding are 75 pounds of 33.5-0-0; 115 pounds of 21-0-0; 110 pounds of 23-23-0; and 90 pounds of 27-14-0 on wheat, oats and barley. For flax, mustard and rape, the rates are less than half this, working out to 30 pounds of 33.5-0-0; 50 pounds of 21-0-0; 60 pounds of 16-20-0; 45 pounds of 23-23-0 or 35 pounds of 27-14-0. Mr. Goettel points out, however, that if the drill can be set to place the fertilizer to the side or below the seed, these rates can safely be increased by 5 to 10 pounds. Also, when higher rates are to be used, the fertilizer should be broadcast on the surface and worked in prior to seeding.

Phosphorus on the other hand, does not move readily through the soil so it must be placed within easy reach of the roots. Mr. Goettel says that the placement of phosphorus with the seeds of cereals is most important if the most efficient use of this nutrient is to be had. Phosphorus is to be drilled in at seeding time. The maximum recommended rates of phosphorus will not affect the germination of cereal grains. There is, however, some danger in placing more than 20 pounds of elemental phosphorus with the seed of flax, mustard and rapeseed. The maximum rates of applying phosphorus with the seed on flax, mustard or rape is 40 pounds of 11-48-0; 60 pounds of 16-20-0; or 45 pounds of 23-23-0.

PRUNING DEMONSTRATION

Plans are being made for a Pruning Demonstration to be held in Vulcan on Monday, April 18. We hope to start at 1:30 p.m. and be finished before or at least by 4:00 p.m. The demonstration will be held at the Vulcan Golf Course.

Arrangements have been set with the Brooks Horticultural Station to have one of their best men to give the demonstration. This

day should be of interest to just about everyone for I think we all have trees and shrubs of some kind on our property.

The pruning demonstration will be open to everyone whether you are from the town or country.

Emigration from Canada in the 1946-64 period is estimated at about 1,000,000.

BRANT

Mr. and Mrs. H. DeJong of Claresholm spent the weekend of April 3 at the home of their son-in-law and daughter, Mr. and Mrs. Simon Vanderploeg.

Mr. and Mrs. Bill Christofferson and Mr. and Mrs. W. R. Kennedy spent the weekend of April 3 in Montana where they took an advance course in ceramic decoration.

Mr. and Mrs. F. W. Burley and Mr. and Mrs. Ronnie Smith motored to Banff last week where Bill and Ronnie curled in a Masonic Bonspiel.

Miss Shirley Horness left on Thursday for Edmonton to spend the Easter holidays with her parents, Mr. and Mrs. Ken Horness.

Mr. and Mrs. J. M. McKay have returned home to Brant after spending a few days in Phoenix, Arizona, prior to driving to Los Angeles where they visited with their uncle, Ben Miller. From there, they flew to Hawaii for a two-week holiday.

F.O. Jim McKay arrived home for Easter Sunday from Portage La Prairie. Others home for Easter from Calgary were Mr. and Mrs. Ronnie Dellissen, Blaine Knapp,

and John and Wallace Prater.

Friends are sorry to learn that Mrs. Ivan Tolly is hospitalized in High River where she underwent surgery. Paul Knapp is in the hospital in Vulcan with a dose of flu as is Kenny Eliuk who is in High River. Friends wish them all a speedy recovery.

Friends are glad to hear that Mrs. Ira Rhodes and Mrs. Mabel Shultz are out of the hospital.

The meeting of the Home & School Association of Brant scheduled for April 6 was called off due to the small attendance. The flu had taken its toll.

UNITED CHURCH

At the Easter service, on behalf of the congregation of the Brant United Church, E. W. Prater presented Mrs. Eva McKay an engraved silver teaspoon in appreciation of her 19 years as organist of the church. Mr. Prater thanked her for her loyalty and expressed very best wishes to her and Mickey as they make their home in Calgary.

Twenty-eight children of the Sunday School received awards on April 3 at the regular church service for good attendance during the months of January, February and March. The presentation was made by Mrs. E. W. Prater and W. Shortt.

LOMOND

Mrs. Dolly Benson, Mr. and Mrs. Walter Weich and Mr. and Mrs. Wayne Benson, Lindi and Lance, all of Calgary, visited at the H. Caulfield and L. Benson homes over the weekend.

Mr. and Mrs. J. W. Chambers motored to Calgary on Thursday to spend Easter with their son and daughter-in-law, Mr. and Mrs. Bill Chambers and son.

Alec Fraser, son Gordon and daughter Mrs. Karen Dorchak, motored to Kimberly last week to attend funeral services for Alec's brother Bill.

Due to the quick action of a neighbor in calling the local fire dept, what could have been a serious fire was averted last Tuesday afternoon about 4:30 p.m. when sparks from a garbage can caught fire in the weeds. The wind caused it to spread rapidly catching the west wall of the house owned by Dick Teasdale, at present occupied by Mr. and Mrs. Henry Theissen and family. With the fire truck arriving promptly and the help of the men who happened to be around town at the time the fire was quickly under control. Extent of the damage is not known at present.

Mr. and Mrs. Harold Nielson of Calgary were visitors in Lomond last week visiting the former's mother, Mrs. Edith Nielson and were also guests at the home of Mr. and Mrs. Bill Tolley and family.

Mrs. Arthur Humphreys and daughter Joanne are visiting at the home of their daughter and sister, Mr. and Mrs. Larry Steeves and family at Meeting Creek, Alta. Mrs. Steeves is confined to hospital. Best wishes for a speedy recovery are extended to Bev from her many friends in Lomond.

Mr. and Mrs. L. Chase and Terry were visitors in Lethbridge on Saturday of last week.

Mr. and Mrs. Oliver Hart, Elaine Wayne and Susie were Calgary visitors on Good Friday to visit Doreen's mother who is a patient in the General Hospital. They also visited with Doreen's brother-in-law and sister, Mr. and Mrs. Russell Briscoe and family. While they were away Carol Lorna and Ken stayed at the farm with their grandmother.

Walter Hart and Donald McAlister attended the Bull Sale in Lethbridge last week.

Mrs. Florence Hart and grandchildren Ken and Susie Hart were recent visitors in Brooks.

Mr. and Mrs. Oliver Hart and family, Charles Commet of Olds and Glenwood Hart of Brooks were dinner guests Easter Sunday at the home of Mrs. Florence Hart and son Walter.

CARDS OF THANKS

Thank You neighbors and the Arrowwood Fire Dept. for fighting the grass and stubble fire during our absence Tuesday afternoon. —The Harold Williams Family, Arrowwood. 36-1p

We wish to thank all our relatives and friends who called to congratulate us on our 40th wedding anniversary. Also for all the many lovely cards, flowers and gifts. We also wish to thank all those who assisted us in making this such a memorable event. Thank you. —Henry and Mary Lebsack, Vulcan. 36-1x

I wish to thank the doctors, nurses and staff of the Carmanagay Hospital for the care given me while in the hospital, and for all the cards, visits and phone calls received. A special thanks for all the care and services rendered to my wife and family and the help given in my business. —Victor Close, Champion. 1-x

I would like to thank Dr. Tompkins, Miss Sissons and staff of the Vulcan Hospital for the love and care given me while I was a patient. Also to those who sent cards, gifts and prayers and for those who visited me, it was all very much appreciated and I want to say a hearty thank you and may God bless each one of you. —Grandma Ruggles. 36-1p

We wish to express our sincere thanks and appreciation to all those who sent flowers, cards and mass cards and all those who helped in any way during the bereavement of our dearly beloved father, Moise Douville. —Johnny, Ernie and Tony. 36-1x

IN MEMORIAM

SANDE—In memory of a dear husband and father, Olaf (O.T.) Sande who passed away April 14, 1963.

God knows how much we miss him. Never shall his memory fade. Loving thoughts shall ever wander.

To the spot where he is laid. —Ever remembered and sadly missed by his wife and family. 36-1p

THOMPSON—In loving memory of our dear husband and father, Wm. J. B. Thompson who passed away April 17, 1964.

To hear your voice and see your smile. To sit with you and talk awhile. To be together in the same old way.

Would be my dearest wish today. You toiled so hard for those you loved.

You said good-bye to none. Your spirit flew before we knew.

Your work on earth was done. Ever remembered by your wife Leta and family. 36-1x

Emergency Health Services Program—

A complex of Emergency Headquarters has been established in Canada for use by federal departments and those provincial and municipal departments in threatened areas. Each province has been divided into one or more zones, each with a Zone Emergency Headquarters to provide an intermediate level of control. Provincial and municipal health departments should be well represented in these Headquarters.

Improvement of Uly Dam Proposed

(Continued From Front Page)

Lomond, for \$3,060.
S.W. 35-17-20-4 to Leonard Stokes and Robert Stokes, Lomond, for \$5,005.

N.W. 7-17-19-4 to Herbert and Aleen West, Lomond, for \$3,200.
S.W. 7-17-19-4 to Herbert and Aleen West, Lomond, for \$7,500.

The financial statement for the month of February was presented to the meeting and the secretary-treasurer explained the figures. It was noted that there was a net balance of \$237,721.05.

A letter from the secretary of the Alberta Association of Municipal Districts in respect to the Spring meeting of the association was read. It was noted that the meeting was to be held in the Macdonald Hotel, Edmonton, on Tuesday, March 29. It was moved and carried that Mr. Deltz and Mr. Haga be official delegates from the county and that any other councillors may attend.

The secretary-treasurer read a letter from R. Kotkas in respect to the forthcoming brief to be presented in respect to rural assessments. Mr. Kotkas' material outlined the probable effect that the assessment of farm homes might have on the general assessment of rural municipalities.

A letter from Mr. McTavish, president of the University Flying Club in respect to the holding of a fly-in at the Vulcan Airfield, was read. It was moved and carried that the county grant permission for the club to use the landing field at its own risk.

A letter from the secretary of the FUA in respect to a grant for the year 1966 was read. The councillors were in favor of a grant to the Farmers Union of Alberta and By-law No. 548, a by-law to authorize a grant of \$100 to the Farmers Union of Alberta for the year 1966 was introduced, read and passed the required three times.

A letter from George McMorris, who is one of the owners of the Queenstown Locker Plant, was read. The letter offered to transfer the ownership of the locker plant to the county if the county would accept ownership and release them from their tax liability.

A similar letter in respect to property owned by Cameron Robertson was read. It was moved and carried that the county accept transfers to these properties as requested.

A letter from the general treasurer of the Boy Scouts Association asking for a donation to the Impeesa Boys' Camp south of Pincher Creek was read. The matter was left until the April meeting.

The secretary presented a list of school sites which had been abandoned in the county and ownership is still vested in the name of the school boards and it was felt that these small parcels should be disposed of to the owners of the quarter sections where the sites are located. It was noted that the general area was approximately two acres per site and that, in many cases, the sites needed to be cleaned up by destroying the weeds and old foundations and rocks. It was moved and carried that the county offer these sites to the owners of the surrounding land at a price of \$50 per site which would include the cost of transferring and obtaining a new title.

The secretary-treasurer read a resignation from Donald L. Munro from his position in the county office, to take effect on March 25. It was moved and carried that Mr. Munro's resignation be accepted with regrets.

Dale Keenan, who is presently employed as administrator of the

Little Bow Hospital, Carmangay, interviewed the council in respect to obtaining the position which was open in the county office. Mr. Keenan was very interested in making an application for the position and asked what his duties would be. He was advised that his main duties would be looking after the school supplies, books and other matters pertaining to the school services.

Later on in the meeting, it was moved and carried that the County of Vulcan offer Dale Keenan a position as assistant in the county office on a three-month probationary period.

A letter from the chairman of the Vulcan-Foothills Nursing Home Board, together with a financial statement of the 1965 operations, was read to the council. It was noted that the Nursing Home Board would not be making a requisition on its contributors in the year 1966.

The council discussed the matter of making application for a provincial parks grant for the newly established park on the east side of Lake McGregor in the vicinity of Armada. It was moved and carried that the County of Vulcan make application for a grant of \$2,000 from the provincial parks funds for the purpose of improving this park.

By-law No. 547, a by-law to authorize the borrowing of the sum of \$500,000 for the year 1966, was introduced, read and passed the required three times.

By-law No. 549, a by-law to authorize the purchase of one new Model 8230 Euclid Tractor complete with dozer and ripper for the net sum of \$50,000 was introduced, read and passed the required three times.

N. H. Bradley, engineer, was present at the meeting and discussed with the council the municipal committee's plans to continue the paving program which had been commenced last year.

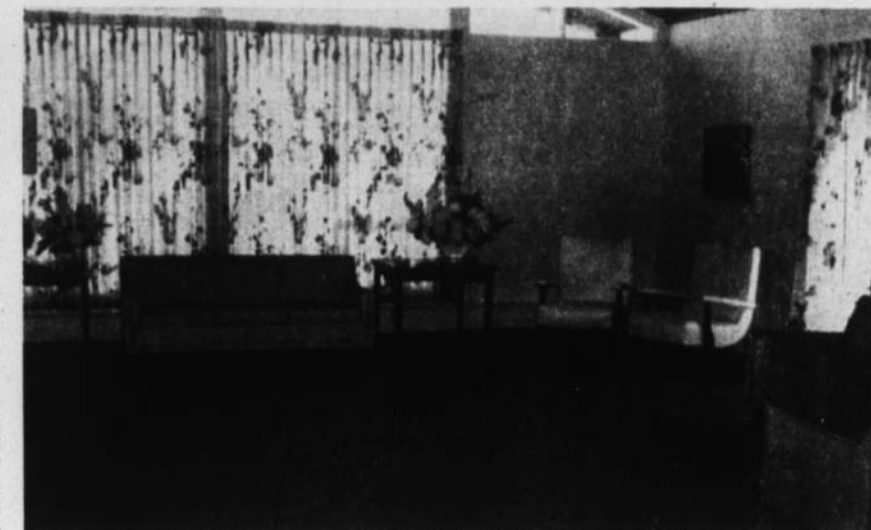

It was moved and carried that the County of Vulcan make application to the minister of highways for an agreement to enter into a paving program as follows: Contingency Project—District Highway No. 232W, Vulcan to Lomond. Starting at 2.7 miles East of Highway No. 23; first four (4) miles, second coat, road mixing, laying, rolling, 1,050 c.y. per mile, includes approaches, then East for an additional six (6) miles, with two (2) coats road mixing, laying, rolling, each layer, of 1,050 c.y. per mile, includes approaches, gravel hauled 22 to 32 miles from the Holm Pit, S.W. 12-14-25-4. Total estimated cost \$145,000.

First Coat Paving Project—District Highway No. 233A from junction of Highways 23 and 24 to Milo — 16.5 miles, Crushing to 4" at House Pit, S.E. Sec. 4-20-23-4. Base compaction 7", 30' wide, Road Mix, Lay, Roll 1,050 c.y. per mile, with approaches. Total estimated cost \$145,000.

The secretary-treasurer was instructed to write the Canadian Pacific Railway Company and request that a railroad crossing be established on the South West corner of Section 15-19-25-4. Members of the council discussed the matter of committees, and it was noted that Mr. Prater, the newly elected councillor for Division 9, had no seat on a committee, and it was generally understood that the councillor from that area would be placed on a committee, preferably the school committee, to supervise the Brant School affairs. It was decided that the school committee should be increased by one member and By-law No. 550, a by-law to authorize the increase in membership on the school committee of the County of Vulcan No. 2 to eight members, was introduced, read and passed the required three times.

It was moved and carried that E. W. Prater be appointed to the school committee for the remainder of the 1966 term.

Mr. Thurber, chairman of the school committee, reported to the council in respect to school affairs and brought the councillors up to date on the first meeting

A view of part of the spacious lounge at the Blunt's Nursing Home is shown above with wall-to-wall broadloom on the floors and comfortable chairs which look out through wide windows down over a broad sweep of countryside to the east. Mrs. Cooper of Calgary does the interior designing and decorating for Blunt's Nursing Homes of which there are five either up or under construction. She was present for the opening and had what she described as the usual crisis at such events which in this case was non-delivery of dining room chairs. However most did arrive shortly before the doors opened. To illustrate the confusion that can be attached to this business, some weeks earlier at either Milo or Queenstown an elevator agent opened what should have been an empty car spotted for him, to find it full of furnishings for the Vulcan Home.

BRIEF ITEMS OF LOCAL INTEREST

Mr. and Mrs. Robert Todd, Mrs. Roberta Davis and family and Mr. and Mrs. Brian Todd attended the Lamar Navratil-Donna Todd wedding in Lethbridge Southminster Church on Saturday.

Mr. and Mrs. Dave Neville were Sunday visitors at the home of the former's brother, Walter Neville at Lethbridge.

Sheryle and Kathy Mainland of Calgary are spending the holidays with their grandmother, Mrs. Hazel Mainland.

Easter guests at the Ross McIntyre home were their son-in-law and daughter, Mr. and Mrs. Jim Fleming and family of Hamilton, Ont.; Mr. and Mrs. Ray Wallis and Sandy of Peace River, Mr. and Mrs. Terry White and family, and Mr. and Mrs. J. Fleming, Sr.

Mr. and Mrs. Charles Northcott and Betty Ann were Easter weekend visitors at the Lloyd Iles home at Stettler.

Mrs. Bob Petrosky and Brad spent Easter weekend at the Tom Bogner home in Lethbridge.

Mrs. H. H. Mumby is presently visiting at the home of her son, Don, in Ottawa.

Easter guests at the Boyd McKay home were their son-in-law and daughter, Mr. and Mrs. Roman Pawluk and small son, Glenn of Edmonton. Mrs. Pawluk and baby remained to spend the week here.

Mrs. Opal Drummond of Calgary was an Easter guest at the home of her son and daughter-in-law, Mr. and Mrs. Burnell Drummond.

Mr. and Mrs. Allen Johnson are spending the holidays at Tribune, Saskatchewan.

Mrs. W. A. Shields and daughters, Donald and Bonnie Mae spent Easter with Mr. Shields at Weyburn, Sask. The girls remained to spend the week with their father.

Mr. and Mrs. Weldon Greenlee, who spent the winter months in Las Vegas, Nev. have returned to their home here.

Matron of the newly opened Blunt's Nursing Home, Mrs. Rhoda Minty, is shown at the nursing station and admission desk. The desk is at the head of the two diverging wide corridors and looks out into the bright dining room at the rear of the photo. Admission card files, a sink and supply cabinets are only a few steps from the desk and the matron's office is adjacent with doors leading to the desk and out towards the Home's entrance.

In operation since Monday, April 4, six patients are being cared for thus far so only a part-time staff is on duty. When the Home is operating to capacity the staff will include a part-time registered nurse, seven practical nurses, three tray girls, one cook and a cleaning woman. Mrs. Minty is presently in need of two more practical nurses. Patient care is being carried on smoothly, according to the matron and supplies are generally in good quantity. A shortage of old sheets or soft cloth of light or dark color used for cleaning and for some patient care, is being found and anyone having any of this material available could put it to good use by phoning the Home at either 485-2022 or 485-2363. Also requested is consideration by women's groups towards benevolent work among patients in helping them to adjust to their surroundings by doing sewing, visiting patients or perhaps helping out at special occasions during the year.

One of eight four-bed wards at the Blunt's Nursing Home which were admired by many visitors on opening day is shown above. This room is done in various shades of blue and each bed can be curtained off for privacy when needed. Indirect fluorescent lighting is provided above each bed and between wards is a common toilet, sink and vanity.

Lomond Community Centre Sparkles After Spring Cleaning Bee

(Contributed)

The Lomond Community Centre has received its fair share of attention this winter. After the ice

in the curling rink and the skating rink was made, what with a round of hockey practices, hockey games figure skating lessons and

LOMOND IS PROUD of its big community centre, but like all public buildings it is in occasional need of a good house-cleaning and what better crew could there be for this work than the ladies of the community. A few of the more

than 20 ladies who pitched in and really "sliced-up" the community centre are shown in the two pictures above as they recently attacked the winter's accumulation of dirt and dust with scrub brushes, dustcloths and polish.

Now one knows public places have a habit of becoming unattractive because of last year's dust storms, last fall's mud and this winter's snow. Let it never be mentioned that Lomond sits back and bawls the fact and does nothing about it. Not too long ago some 20 women converged on this centre with hair tied up in scarves, slacks that have seen their better days, and in some cases shirts that their husbands had cast away for grease rags. Then with dust mops, Mr. Clean, pails and scrub brushes it wasn't long before the dining room took on a shine that would make a new dollar hang its head (or tail) in shame. Others felt the dust and grease in the kitchen warranted their attention. Some showed a great deal of spunk when they scaled a ladder held by two little mighty mites so it would not do a fast flip on the floor. One immaculate lady decided the far corner behind the stove needed a scrub and still others decided walls and cupboards required soap and water to blend in with the rest of the clean clean kitchen.

By this time one decided it was time for coffee. After a fast sip here, and a fast bite there everybody sallied forth into the lobby. Black marks disappeared as if "Samantha" had entered the centre and it was not long before the building took on a new, clean appearance. As we stood back and admired our efforts, one lady appeared from the broom closet, broom in hand and started after her friend, the spider. Even they had to find new homes for their young and aged.

While the ladies were busy with the cleaning duties, the men were not sitting idly by. Members of the board and others were discussing the installation of a public address system throughout the centre. Now we are ready for your visit to our centre, whether it be hockey, curling, or skating, or any activity, in

the hall upstairs. We all extend to you a cordial invitation to see what Lomond has done to provide recreation for everyone, from the age of one to 91. It takes the support of every person in the district to keep a centre, such as Lomond has, in operation. And it is with sincere feelings that we say thanks to the outlying districts, to Armada, to Badger Lake and to Travers for their whole-hearted help and support.

Mr. and Mrs. Emil Damaskie and Evelyn Ann of Delia, Alta. were weekend visitors at the home of Mr. and Mrs. Russell Robbie, and attended the wedding of Miss Marie Richardson and Donald Robbie on Saturday in Vulcan.

Weekend visitors at the home of Mr. and Mrs. Bill Murray were Mr. and Mrs. Ron Bohme and family of Olds.

Mrs. Carol Alexander of Cayley, Vice-president of the Alberta Women's Institute, was guest speaker on Monday of last week at the Kirkcaldy Women's Institute. She related some of the memorable experiences of her visit to Dublin, Ireland where she attended the 11th Triennial Conference of the ACWW in September. Members from Reid Hill and Champion Women's Institutes were present also to hear Mrs. Alexander.

From The Legislature

(By Ray Speaker, M.L.A.)

A Driver Training Program was detailed by the Honourable Gordon Taylor in his address to the Assembly on March 3rd.

The Government is recommending to the Legislature a Driver Training Program for high school students on an extra-mural basis. The proposed program may be implemented by the School Boards. An officer has been appointed in the Department of Highways who will give Boards any help desired.

In the last two years in Alberta some 30 to 50 teachers have taken a course in Driver Training to equip them as instructors. Another course is planned for this summer.

Driver Training at the school level has been successful in the United States where some 300,000 High Schools trained over one million students. Studies reveal that the accident rate of this group was reduced approximately two-thirds as compared to those with no Driver Training. The insurance companies acknowledge the merit of these studies and do allow a reduction in the insurance premium for drivers in the 16 to 25 age group who have taken a Driver Training course.

Last year the Calgary School Board, in co-operation with the A.M.A., made a course available as an extra-mural course. The teaching has been done on Saturdays at a cost to the student of approximately \$25.00. The students are paying their own fees in this connection because they realize that over a two or three year period, by passing this course, they can save more in insurance premiums than what they are paying for the course.

During the course of his address at a night sitting, Honourable Fred Colborne, gave us a very interesting report on the progress that has

been made in the Community Development Program. The Northern Development Council became acutely aware through public hearings that they held, of the serious plight of the native people, both Indian and Metis in our Province. About the same time the Government became aware of the community development idea, a program that offered new techniques and methods which would encourage these people to do things for themselves. Marked progress has been made during the two years the program has been in operation. Highlighting the program is the increased employment that has been available to these people. During the past year 330 people of Indian ancestry were employed at Fort McMurray. Eighty have been employed in clearing of right of way for the new Natural Resources Railway in the Hinton area.

To equip these people to take their place in modern industry the Adult Vocational Training Centre was established in Fort McMurray this past summer. There were 13 welders graduated in the first class and the next day all of these boys started work for Bectel Corporation earning \$2.83 per hour. At the present time there are now 30 graduates of the school who are working in the industry at Fort McMurray.

Under the guidance of Community Development several native communities have set up Housing Co-ops. Under this program the natives are providing themselves with modern homes and the success to date has far exceeded expectations. The Community Development Program to date has been one of achievement that would indicate that further expansion is warranted. It is proposed to extend this program to four new areas in the coming year.

JOY BLACK SHOWER

A shower in the Easter theme was held at the United Church on Thursday, April 7. Guest of honor was Joy Black, bride elect of April, whose wedding takes place at Red Deer on Saturday, April 16.

Debbie Armstrong and Cindy Umscheid dressed as bunnies pulled in a wagon decorated with an Easter basket piled high with lovely gifts, while Mrs. Con Peterson sang an Easter bunny song.

Seated at the head table to assist Joy in opening her gifts were her mother, Mrs. Rita Black; her two sisters, Mrs. Carol Stier and Muriel Jenn, and Mrs. Stier of Blackie.

After the gifts had been opened and passed around Joy very suitably thanked everyone for them. A delicious lunch was served by the host to bring the evening to a close.

BLACKIE

One hundred and sixty people attended the joint Communion and Reception of New Members service held Good Friday in the Blackie United Church. The Elders from the different churches welcomed the new members.

Several reports were heard — the county sub-district convention

report held at Queenstown was given by Mrs. Marjorie Love and Mrs. Reta Love. The leadership report held at Vulcan was briefly summarized and a financial report of the catering to the UGG dinner was heard. Mrs. Wilson Oldfield, the only member attending District 12 convention at Okotoks gave an interesting report. Mrs. Donald Smith reported on the affairs of the rest room.

A committee consisting of Mrs. Helen Sharp and Mrs. Jeanette Sinclair is to contact young people of the district who may be interested in attending citizenship camp at Gold Eye this summer.

Ten dollars was voted the FUA fund for the Pincher Creek area suffering from the air pollution problem. Nabob coupons were collected.

Mrs. Betty Wickstrom read the bulletin on education. The contest conducted by Mrs. Polly Horkoff was won by Joanne Love and the tea draw by Jeanette Sinclair.

A general strike is a strike against the public, not a strike against an employer.

Double-ring Ceremony At Arrowwood

The Arrowwood United Church solemnized a very lovely winter wedding on Saturday, Dec. 4, 1965 at 2 p.m., when Bonnie Dianne Fern, youngest daughter of Mr. and Mrs. W. F. Boyd of Lomond, and Robert Arthur, only son of Mr. and Mrs. G. J. Reed of Shoultice were united in the bonds of holy matrimony.

Rev. Mervyn Lutes officiated at the double-ring ceremony. Mrs. Ella Hayes of Arrowwood was the organist. The altar was decorated with a large basket of mixed flower arrangements from Exquisite Flowers of Calgary. Mrs. Bill Watson of Calgary attended to the bride and her attendants on the subject of hair, and helped the bride with her pill box crown of maribou fur.

The bride entered the church on the arm of her father to the strains of the Wedding March looking elegant in a floor length gown of white silk brocade with traditional lily point sleeves, accented by a maribou fur neckline. The full line skirt flowed from deep pleats at the bodice, pinpointed by brocade roses. The gown was another creation from the Bridal Belles Boutique of Calgary.

The bride's ensemble was completed by her shoulder-length veil held in place by her pill box crown of maribou fur. She carried a nosegay of red roses and white gardenias, with streamers of white satin ribbon with sweetheart roses.

Preceding the bride were two bridesmaids, Miss Louise Sands of Vancouver, a niece, and Miss Velda Boyd of Calgary, a sister of the bride. Matron of Honor for the occasion was the groom's sister, Mrs. Sylvia Boyd of Armada. All identically dressed in satin-backed red velvet dresses of street length, mounted with a large matching bow at the back waistline. Small wedding bands and muffs of white maribou fur completed their ensembles.

Attending the groom as best man was the bride's brother, Harvey Boyd of Armada. Guests were ushered by Keith Riley of Ponoka, and Gene House of Arrowwood. All wore dark suits and red ties matching the bride's attendants. The groom wore a white rosebud and his attendants wore white carnation boutonnieres.

During the signing of the register, Dale Wyatt of Vulcan sang O Perfect Love, accompanied by Mrs. Ella Hayes.

The bride's mother chose a royal blue afternoon dress of lace over taffeta with matching hat and gloves, and completed her ensemble with black patent shoes and purse. Her corsage was of pink carnations.

The groom's mother picked a two-piece teal blue double knit suit with a winter white hat and gloves and black patent shoes and purse. Both looked very lovely and fittingly dressed for the occasion. The fathers of the bride and groom wore white carnation boutonnieres.

A reception followed in the basement of the Arrowwood Community Hall with the Arrowwood death of his father at Rosthern, Sask. Mr. Enns and family motor-

ed to Rosthern for the funeral. Mr. and Mrs. Sandy Bell of Fruitvale, B.C. spent Easter with Mr. and Mrs. Ken Blair and family.

O. Clemens visited with Mr. and Mrs. Bob Clemens and family last week. David and Susan Cross have been staying with Mr. and Mrs. Bob Clemens this week.

Mr. and Mrs. James Houghton and family spent the Easter weekend with relatives in Edmonton.

The Mossleigh Community Club plan to have a meeting in the hall Saturday night, April 16.

Mr. and Mrs. John Christie were weekend visitors with Mr. and Mrs. Auto Janke of Cherhill.

Marie Jolly has left for Creston, B.C. where she will spend some time with her parents.

Mr. and Mrs. Lloyd Brown went to Okotoks Saturday evening to an Open House celebration for Mrs. Erving (Mrs. Brown's mother) on her 75th birthday.

The Phil children are visiting with their grandparents, Mr. and Mrs. L. Brown over the Easter holidays.

Howard Row visited friends at Medicine Hat, Cabri and Abbey, Sask. over the weekend.

Mr. and Mrs. Don Kinnear and family of Calgary visited with Mr. and Mrs. Archie Hay over the weekend. Mrs. Hay's father, Mr. Kilpatrick of Vulcan is visiting with the Hay family.

Archie Hay spent an enjoyable week last week at the Horse Sale in Calgary.

Mr. and Mrs. Dick Hurl spent Easter Sunday with Mr. and Mrs. Allan Hurl.

Get well wishes are extended to Wm. Peterson who has been in the hospital.

Mr. and Mrs. R. Clemens attended a wedding in Lethbridge Saturday and visited with relatives Easter Sunday.

Tax Consultant: "It would be much easier on your pocket book if you made these tax payments in quarterly installments."

Farmer: "I realize that, but my heart couldn't stand the shock four times a year."

Mr. MAKE-UP

JOHN COX

A make-up artist for 19 years, John Cox is featured on the Calgary television show "About Face", advising women about proper use of cosmetics, skin care and treatments to improve the skin.

Mr. Cox is director of make-up for CFCN Television, the Calgary Allied Arts Centre and the Musicians and Actors Theatre; make-up consultant to the Leslie Page and Fashion Flaire schools of modelling; lectures at Mount Royal College and the University of Alberta; is make-up and costume supervisor for the grandstand shows at the Calgary Stampede; designed the makeup for the Calgary entry in the Miss Canada Pageant; was make-up assistant in the technicolor movie "Naked Flame"; and is fully conversant with all types of beauty, television and theatrical make-up.

The make-up kit that accompanies him on his personal appearances weighs 52 lbs. and contains almost all types and makes of cosmetics.

You are invited . . .

to visit the Vulcan Pharmacy at any time on Saturday, April 23, and see Mr. Cox demonstrate the proper use of various types and makes of cosmetics.

He will be pleased to answer all questions and give you personal advice on the cosmetics best suited to your skin and how to apply them — and there is absolutely no charge for his personal advice.

BASIC MAKE - UP AIDS

Cleansing Cold Cream

This is a rich cleansing cream which effectively removes soil and make-up. It is equally effective for dry, normal or oily skins but is primarily recommended for dry or normal skins because of the agreeable softening and smoothing effect on the skin.

Dry Skin Cream

This is a light lubricating cream to be used to nourish the skin at night after cleansing thoroughly. It is recommended for dry or normal skins and can be used around the eyes or over the outer areas of the face as a lubricant, even on 'combination skins.' This cream contains no hormones but the necessary softening and lubricating ingredients to soften and smooth the dry skin, fill in the tiny lines and generally promote a more youthful appearance.

Astringent

Astringent is a lotion which reduces the oil, helps close the pores, and refines the skin texture. Astringent should be applied only to the oily areas of the face and is recommended for oily skins. When astringent is recommended for a 'combination skin' it should be stressed that it must be applied only to the oily areas and not to the dryer or normal areas.

Eyeshadow

The soft, subtle shades of our new Pastel Mist Eyeshadows are now familiar to you all. They are lovely — and so different.

Bear in mind the following hints:—

- Older, wrinkled or aged eyelids respond best to the Iridescent Eyeshadows . . . they're creamier, easier to blend, softer and more subdued in tone. IRIDESCENT GRAY is perfect for the older woman who has "never worn eyeshadow" and is almost afraid to start.
- You have probably realized that for "corrective" purposes, IRIDESCENT BROWN is a boon. This shade effectively conceals puffy or protruding eyelids. When necessary to set the eyes back a little, blend the Brown over the area where a crease would normally be to create a shadow effect; blend your color Eyeshadow from the rim of the lid up to the illusion of the crease. Remember to keep both shades very soft and delicate with careful blending, in order to preserve a natural effect.
- The light Pastel Mist shades are lovely for young people (teenagers, of course) and the middle-age group, but less flattering to older women. Remember that the PASTEL shades are not indicated for puffy or protruding eyelids. The Pastel Mists are particularly effective for women who have deep-set eyes because they lighten the natural shadow.
- A Reminder:— Eyeshadow, correctly applied for daily wear softly covers the part of the eyelid which covers the eyeball when the eye is closed. (If you read this a second time, I assure you it WILL make sense!)

For more dramatic effects, extend the color outwards towards the tip of the eyebrow.

WHICH MAKE-UPS

ARE FOR YOU?

One . . . or a few? And when? Or why? Get the answers to all your make-up questions from "Mr. Make-up" Sat., April 23.

MAX FACTOR

Sheer Genius Make-up

You want a make-up that's barely there. One that covers lightly (but flatters a lot!). It should be a silky-soft liquid that doesn't shine. Or streak. Or show. And wildly natural. Impossible? Oh, no. It's simple! SHEER GENIUS MAKE-UP. Powder, foundation and moisturizers, all in one. The complete make-up in a tube by Max Factor.

Pastel Glow Make-up

Have a brush with adventure. Fluff on wildly pretty blushes with a silky little brush . . . on your cheekbones, on your chin, on the tip of your pretty nose. More than a make-up, this is the new natural glow-up that everyone's in love with. Try PASTEL GLOW. Max Factor's blushing brush-on that comes in a sleek mirrored case.

Creme Puff Make-up

What you really want is one of those radiant skins that never look made up. It's done with a unique powder formula that actually adapts to any kind of light! Puff it on, and you look brighter under dim lights . . . softer under bright lights. It's CREME PUFF MAKE-UP. Pressed powder and foundation, the famous make-up in a compact by Max Factor.

Pan-Stik Make-up

You've always adored those women with creamy delicate, maddeningly pretty skins. They look so fresh, so softly luxurious. What are they wearing? PAN-STIK MAKE-UP. The creamy, delicate swivel-stick make-up by Max Factor that covers flaws, covers freckles, covers everything but the wildly pretty look of you.

Hi-Fi Fluid Make-up

You've been thirsting for a liquid make-up that really moisturizes your skin. That makes your face look all dewy, and madly misty (like fresh-cut flowers!). That flows on smoothly, and looks like a wildly natural complexion instead of make-up. Slip into HI-FI FLUID MAKE-UP and you'll feel what we mean. It's the moisturized make-up by Max Factor.

Pancake Make-up

You're going out tonight with some one you want to look especially beautiful for. It's time for the make-up that covers perfectly. The one that gives you a flawless wildly glamorous look. (The one that lasts 'til dawn if you dance that long!). It could only be PAN-CAKE MAKE-UP. It covers beautifully!

Every woman dreams of beauty

. . . and although not every woman is born beautiful, each can know the joy of discovering new loveliness.

Many of the most attractive women in the world are not blessed with perfect features or perfect complexions . . . but they have learned to accent their most attractive features and minimize their less attractive ones.

They create the illusion of beauty by focusing attention only on the good, and fading the unattractive into the background. Every woman can achieve this illusion of facial loveliness through the correct use and application of Max Factor beauty preparations. For over half a century, Max Factor has made it possible for women to realize their true beauty. But even more than beauty—

MAX FACTOR is FASHION!

For even as women look to famous designers for fashion in dress, women the world over look to Max Factor for fashion in beauty and color.

Saturday, April 23

All Day, 9 a.m. to 9 p.m.

Miss Joyce Moore of the teaching staff is holidaying at a number of Saskatchewan points.

Fullerton-Robertson Vows Exchanged At Calgary

Christ Church, Elbow Park, in Calgary was the scene of a pretty wedding on Feb. 12 when marriage vows were exchanged between Patsy Robertson, daughter of Mrs. Morrell Robertson, and G. Terence Fullerton, son of Rev. and Mrs. E. Fullerton of West Vancouver.

Archdeacon Hosted Dowker and the groom's father, Rev. E. Fullerton officiated at the afternoon choral service.

Given in marriage by her brother Kenneth, the bride was radiant in a floor length gown of ivory English Saltoire wool crepe. The veil of illusion net was held in place by a small crown headpiece to match her dress. She carried a bouquet of talisman roses.

Attending the bride were her two sisters, Merla and Suzanne, who wore identical full length gowns of peacock-blue peau-de-soie and carried bouquets of white baby mums and freesia.

The groom was attended by his brother J. Barrett Fullerton. The ushers were Wayne Christie and Verne Wilson.

For her daughter's wedding Mrs. Robertson chose a turquoise brocade jacket dress with matching accessories. The groom's mother wore a two-piece dress of pink wool lace with pink accessories.

The reception was held in Southern Alberta's Pioneers Memorial Building. The toast to the bride was given by C. Hollister and ably responded to by the groom.

Open house, with buffet supper was held at the home of Mrs. Wm. Robertson, grandmother of the bride.

After a short honeymoon the bride and groom will make their home in Calgary.

No nagging backache!

She used to be bothered by backaches and tired feeling. When she learned that irritation of the bladder and urinary tract can result in backache and tired feeling, she took Dodd's Kidney Pills. Smart girl. Dodd's Pills stimulate the kidneys to help relieve the condition causing the backache and tired feeling. Soon she felt better — rested better. If you are bothered by backache, Dodd's Kidney Pills may help you, too. You can depend on Dodd's.

REPORT FROM Parliament Hill

(By Lawrence E. Kindt, M.P.)

No one expected that the recent Government Budget would produce any startling new policies in taxation or in financial policy; in general terms this expectation was fully realized. One step in the right direction is the gradual removal of the sales tax on production machinery, which will certainly increase Canada's competitive position in manufactured goods, both at home and abroad.

Some of the other terms in the Budget were new and interesting, but it is not expected that they will have much effect on the average citizen.

Unfortunately, no substantial measures were taken to deal with Canada's soaring cost of living, nor was there any reference to the economic problems of agriculture. There is nothing in the Budget that would point in the direction of an early election; in other words, it was not the typical election type of budget.

The largest white diamond, the Cuillinan, (3,106 carats), was found in South Africa.

Mrs. Deal read the financial report. Mrs. C. Miller in the absence of Mrs. A. Dunipace gave the sunshine report. She reported that a total of 77 cards had been sent since the last meeting.

The annual Grandmothers' Tea was discussed and it is to be held on May 4. Unit 4 will look after this project. Unit 1 will cater to the breakfast to be served to the CWL on April 26. The presbytery will meet in the church on April 27. Units 2 and 3 will look after their dinner and afternoon coffee. The CGIT mother and daughter banquet is to be held on May 9 and will also be looked after by Units 2 and 3.

Cleaning of the church was discussed and it was decided to divide the work so that each unit is responsible for a certain section. This is to be completed by April 22. The congregational supper will be held in the church on April 22. Each Unit is to be represented by two members to plan the supper. The Rev. Hart Cantelon will be the guest speaker for this family occasion.

Particulars are to be sent to Mrs. Jack Hopkins of Arizona as to the club's charges for catering to a wedding banquet to be held in the hall this summer.

After the adjournment of the meeting, the Mizpah was repeated in unison. Lunch was served by Unit 3.

Ventures Program Explained To Lions

The changing Scout movement and the responsibility of its Lions Club sponsors was outlined at the regular Feb. 17 meeting of the group by Lions Skeeze Christensen and Terry White.

In attendance to comment on the proposals were Rev. W. D. Dornier, Blair Shaw, local D.A. and Lawrence Mitchell representing the Kinsmen Club.

Scouting across Canada, as described by Mr. Christensen is facing the problem of falling membership through lack of interest in agenda and conflicting age group wants. To provide more fully for older Scouts the formation of new groups called Ventures is underway. With inclusion of the Ventures program, age grouping would be eight, nine and 10 years for Cubs; 11, 12 and 13 for Scouts; 14, 15 and 16 for Ventures and if there was need a Rover group could be formed running from 17 to 23 years.

Guidelines for the Ventures program have been set through personal contact with boys in that age category and their suggestions have had great bearing on the makeup of the group.

The actual program is described in terms of the old commercial appeal, "If there's something you want that you don't see, ask for it," according to the speaker. The Ventures would be self-supporting, would not necessarily meet regularly and leadership would come from themselves with an advisor present for general guidance. It is hoped that under this plan many of the applicable Scout subjects could be pursued but more important, the field would be open for instruction and participation by the boys in many other hobbies or interests they may have. The idea on a local level would be that boys interested in such examples as outdoor sports might find instruction from a qualified member of the local Fish and Game group and it is felt in the town and district are adults who could be of help in guiding the boys in such chosen lines as photography, music, mechanics, horsemanship, arts and many other subjects.

Ventures can be joined regardless of whether there was previous membership in Scouts and Cubs and Terry White modelled the uniform which is simply a green beret, light brown shirt and a red and white trimmed muffler. This is not a strict pattern though and can be adjusted to suit the needs and convenience of the Ventures as they progress.

Mr. White said Scouting at all levels is being hampered at Vulcan through accommodation problems which were described as tragic but it was felt the introduction of this new phase in Scouting must not be held back because of this condition.

The Scout representatives reported on progress of Camp Impessa, the summer Scout camp area near Waterton, which was built through a war force and money raised in Southern Alberta. The Cub hut built by the Vulcan

group is completed at a cost of beaches, wharfs and in road improvements. This camp is open to is ready to go this year. Work has all Cubs and Scouts with either also been done on a dam, on a leader or parent for supervision.
